CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" can't harm tender stomach or bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from their play to their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, fretful, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs." Then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "bowel cleansing" is often all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

ADMINISTRATION WORKS HARD TO SAVE SHIP BILL FROM FAILURE

retire from the proposed operation of ships after two years. Another stipulation was said to be that the government should purchase or acquire some of the ships of belligerent nations.

Oppose Limitations. Insofar as prohibition of purchase of foreign ships now laid up in this country is concerned, such a stipulation also was proposed by some of the progressive-republican senators. They, however, do not favor the government shipping corporation as a temporary measure and suggested amendments whereby it would be instituted as a permanent venture. Here the proposals of progressive-republicans and revolting democrats clashed.

After Senator Norris and Senator Kenyon had talked with President Wilson it was understood the president looked with favor upon some amendment that would satisfy their views with regard to the permanency of the project.

A direct stipulation that the government be prohibited from acquiring ships from belligerents, it was stated, however, was not favorably received, although the intimation was given that there might be no objection to a "declaration of policy on the subject" and that the government did not contemplate purchasing ships that might be the subject of international controversy.

Republicans Say Bill Is Dead. Another amendment proposed by Senator La Follette, who is expected to support the bill with relation to the proposed leasing of ships to private corporations by the government. After all angles of the situation had been canvassed, the senate having adjourned early, to await the outcome of the skirmishing, republican
